

To create a brilliant
connected future for
New Zealand

ENVIRONMENTAL POLICY

Connect 8 is committed to the protection of the environment. The organisation has established policies, procedures and practices to reduce risk to the environment and conduct business activities in an environmentally sound manner.

The Business will demonstrate its commitment to the environment by:

- Complying with all relevant environmental legislation, regulations, Codes of Practice, Standards and guidelines.
- Develop, implement and maintain emergency preparedness plans.
- Promoting awareness in environmental protection and performance associated with operations.
- Providing appropriate information, advice, education and training to all employees and sub-contractors to deliver the business's environmental responsibilities.
- Being an environmentally responsible corporate citizen that conducts its operations to minimise environmental impacts, reduce waste, advance recycling and optimise energy and resource efficiency.
- Continue to improve its operations with the aim of improving environmental performance.
- Foster openness and dialogue with both employees and the public, encouraging them to respond with their concerns or improvement ideas within the scope of the organisation's operations and maintain a set of environmental objectives and targets that are monitored through the management review process to ensure effectiveness.
- Provide the necessary resources to enable the effective implementation of this policy.
- Review this policy to ensure it remains relevant and appropriate to the organisation.
